<b>Notes</b>	6 jobs to be created in year 2023. PILOT TO START IN 2024. Keystone Mills was founded in 1894 and is a family-owned regional feed manufacturer located in Romulus, NY. The company is committed to meeting the nutritional needs of dairy, hog, poultry, beef, sheep and goat producers, offering custom organic and non-GMO feeds. In 2016, they expanded by opening an organic feed milling plant in a leased warehouse in the southeast corner of the old Seneca Army Depot in Romulus, New York. This portion of the business has expanded rapidly, and they have outgrown the organic production facility. The project is to help with the construction of a new conventional milling facility. The new conventional mill will have a production capacity of approximately 60 tons per hour and include milling equipment, storage, and warehouse space.
